1.3 Payroll

1.3.1 Month of departure | 13th month's salary Immediate payment

Task #3907 | 5065.001

In Update 5064.000, an error has crept in from task 12937 that affects the payment of the share of the 13th month's salary in the month of leaving. For wage code HS/MS with a period start day greater than 0 and an absence entitlement to an 'immediate payment' of the 13th ML, the payment is incorrectly withheld in the

month of leaving. This error has now been corrected.leaving month | 13th monthly salary immediate payment

1.3.2 Vacation provision | Calculation with previous year's balance

Task #6137 | 5065.001 [1.5065001.2001.0]

The calculation of provisions for vacation was calculated incorrectly if a previous year's balance already existed. This has been corrected.

1.3.3 Payment file | Sender data

Task #5374 | 5065.001 [5061.401]

When creating the ISO payment file, the sender data of the standard account was taken from the Allocation Group instead of the selected account when creating the payment file. This has been corrected.

1.4 Reports

1.4.1 BVG-DTA Report | Mutations

Task #5865 | 5065.001

The BVG-DTA report can be created after the payroll run has been posted. Changes that have an impact on BVG are displayed.

1.5 Salary declaration

1.5.1 Salary declaration | AHV EMA and annual declaration

Task #6045 | 5065.001 [5065.000.2012.0]

From Update 5065.000, the validity date of the UVG contract is checked when the salary is reported to the AHV. This had no function in the previous setup. Version 5065.000.2012 ensures that an initial date is filled in for the UVG contract. A manual entry or change is possible.

1.5.2 Salary declaration | EMA

Task #5424 | 5065.001

The error message for EMA AHV messages without content (No persons to report) is now more meaningful and easier to understand.

1.5.3 Salary declaraiion | Error message

Task #6160 | 5065.001 [1.5065001.2001.0]

There were error messages with ELM salary declaration that were not meaningful enough. 'The Swissdec service responded with an error code'. This has been fixed.

1.6 KLE

1.6.1 KLE | Contract details UVG

Task #6046 | 5065.001 [5065.000.2012.0]

With the 5065.000 Update, the UVG insurer and the contract data in the fact box were no longer displayed in KLE Cases and led to an error. This has been fixed and published with version 5065.000.2012.

1.7 SwissSalary Direct

1.7.1 Direct | AHV number deleted
