# 1 QualityRelease 5065.003 | User

## 1.1 QualityRelease 5065.003 | Introduction

Dear SwissSalary customers

Dear SwissSalary partners

This QualityRelease contains adjustments and corrections for customers who are already using at least SwissSalary version 5065.000.

For further information on the content of versions 5065, 5065.001, 5065.002 and 5061.401, please refer to the corresponding manuals.

Customers are responsible for performing SwissSalary updates. Our support team or your Dynamics365 partner can assist you if necessary. This responsibility also lies with customers for SwissSalary365 (Cloud), and SwissSalary does not perform updates automatically.

Your SwissSalary team

## 1.2 Reports

### 1.2.1 Employee Salary Statement | FTE and Headcount

Task #6390 | 5065.003

If persons are included in a payroll run without receiving any benefits, they are included in the FTE and headcount calculation.

This was the case until update 5065.000 and is now taken into account again.

## 1.3 Interfaces

### 1.3.1 UKA 9.1 | Call via payroll runs

Task #6332 | 5065.003

The UKA interface 9.1 can also be accessed via payroll runs. Under Reports, Absence Notifications, UKA 9.1 is available for selection alongside UKA 8.9.

### 1.3.2 UKA 9.1 | Employment contract

Task #6348 | 5065.003

Task #6180 | 5065.002

Adjustments have been made to the code in the UKA 9.1 file. This had to be corrected for persons without a resignation date. An initial adjustment was made with 5065.002 for persons without a departure date. An adjustment also had to be made for persons with a departure date in the current month; this is included in 5065.003.

---

### **1.3.3 UKA 9.1 | Statistics Groups**

Task #6285 | 5065.003

If different UKA person groups are listed in the personnel statistics, these can be filtered when creating the UKA 9.1 file.

### **1.3.4 UKA 8.9 | Adjustment of wage values**

Task #6458 | 5065.003

With projected annual salary values of more than 1 million, the structure shifted. This has been fixed.

## **1.4 Administration**

### **1.4.1 No. Series | Links**

Task #6044 | 5065.003

The error that prevented a new Employee number from being created using a number series link has been fixed.
